Training Courses

Venue	Training Courses	YEAR 2009
IND	Next Generation Network (NGN) and IP Based Tax	Jan. 27-31
JPN	Optical Fiber Transmission and Technologies	Jan. 27 – Feb. 7
JPN	Space Communications	Feb. 19-25
JPN	Broadband Access Network Design and Construction	Mar. 2-13
JPN	Mobile Telecommunications Technologies and Services	Mar. 2-14
JPN	Recent Trends and Technology of Broadband Services	Mar. 30 – Apr. 17
JPN	Strategic Development and Operation of NGN	Apr. 14-22
JPN	Next Generation Network (Access Line) and Its Standardization	Apr. 16-22
CHN	FTTH: Network Planning and Deployment	May 18 -29
CHN	Challenge and Strategy for NGN Operation and Management	May 21-29
KOR	Spectrum Management Course	May 19-25
KOR	Wi-Bro	Jul. 7 - 13
THA	Radio Specrtrum Management	Jul. 13 - 24
THA	The New Era of Wireless Communications	Aug. 3 – 7
KOR	Digital Environment and IPTV	Sep. 1 - 7
CHN	Computer Network and Management	Sep. 14 - 22
CHN	IPMAN and its applications	Sep. 13 - 26
CHN	Network and Telecommunication Security	Oct. 19-30
JPN	Broadband Access Network Technologies	Oct. 19-30
JPN	Mobile Telecommunications Technologies and Services	Oct. 20 – 30
JPN	Information Security for the Broadband Communications	Nov. 4-13
JPN	Radio Station Administration and Radio Equipment Certification System	Nov. 10 - 18
JPN	Basic Technologies for IT Network	Nov. 30 – Dec. 11
JPN	Competition Policy for Expansion of Broadband Networks	Dec. 3 - 9

Venue	Training Courses	YEAR 2008
JPN	Strategic Planning and Development of NGN	Feb. 20-27
JPN	Promotion of the Bridging of International Digital Divide	Mar. 3-7
JPN	Space Communication	Mar. 5-11
JPN	Radio Station Administration and Radio Equipment Certification System	Mar. 3-11
JPN	IP Network Basic Technologies	Mar. 3-14
JPN	Mobile Telecommunications Technologies and Services	Mar. 4-14
JPN	Competition Policy for Expansion of Broadband Networks	Mar. 10-14
JPN	Recent Trends and Technology of Broadband Services and Mobile Services	Apr. 1-25
CHN	NGI (Next Generation Internet) and Its Applications	Apr. 7-18
JPN	Next-Generation Network and Its Standardization	Apr. 10-16
JPN	e-Government and ICT	Apr. 16-23
CHN	Information Network Security	May 22-30
CHN	A New Chance for Development of Optical Fiber Communications	Mat 26-Jun.7
KOR	A : Spectrum Management Course	May 27- Jun. 2
JPN	Actions for Next Generation Mobile Communications Systems	Jul. 9-17
KOR	WiBro (Wireless Broadband)	Jul. 29-Aug.4
JPN	IP Network Basic Technologies	Aug. 18-29
MLA	Broadband Technology Awareness.	Aug. 18-22
KOR	Mobile Communications Technologies	Sep. 29- Oct. 08
JPN	Mobile Telecommunications Technologies and Services	Sep. 2- 12
JPN	Information Security for the Broadband Communications	Oct. 1-10
CHN	Computer Network & Management	Sep. 15-28
KOR	Telecommunications & Broadcasting Convergence	Oct. 10-20
JPN	Wireless Communications Technologies	Oct. 21-Nov. 5
KOR	Regulatory Issues in Telecommunications	Nov. 3-12
CHN	VoIP Technology and Applications	Oct. 19- Nov. 1
JPN	Competition Policy for Expansion of Broadband Networks	Oct. 23-29
IND	Wi-Fi Max Technologies	Nov. 3-7
JPN	Promotion of the Bridging of International Digital Divide	Nov. 6-12
JPN	Radio Station Administration and Radio Equipment Certification System	Nov. 11-19
IND	Recent Trends in Rural Telecommunications	Nov. 17-29
IND	Concept of Design and Implementation on MPLS Core Networking	Nov. 24 - Dec. 6

Venue	Training Courses	YEAR 2007
JPN	Next-Generation Internet Technology and its Applications	Feb. 5 - 9
JPN	e-Government and ICT	Mar. 8 - 14
JPN	Mobile Telecommunications Technologies and Services	Mar. 6 -16
CHN	NGI (Next Generation Internet) and Its Applications	Apr. 8 - 21
CHN	Information Network Security	May. 28 - Jun. 8
CHN	FTTH : A New Chance for Development of Optical Fiber Communications	May. 21 - Jun. 1
CHN	VOIP Technology and Applications	Jun. 4 -15
KOR	Spectrum Management Course	Jun. 12 - 18
IND	Concept of Design and Implementation on MPLS Core Networking	Jul. 23 - Aug. 4
JPN	Optical Fiber Transmission Technologies	Jul. 18 - 27
MLA	Broadband Technology Awareness	Aug. 6 - 10
KOR	Stream A: Spectrum Management Course	Sep. 4 - 10
IND	Wi-Fi and WiMax Technologies	Sep. 17 - 21
IND	Next Generation Network and IP Based Tax	Sep. 10 - 14
JPN	Development of Mobile Communications Systems in Japan	Sep. 5 - 13
CHN	Computer Network & Management	Sep. 17 - 30
IND	Recent Trends in Rural Telecommunications	Sep. 24 - Oct. 6
JPN	Wireless Communications Technologies	Oct. 10 - 19
KOR	Digital Broadcasting	Nov. 6 - 11
JPN	Information Security for the Broadband Communications	Nov. 12 - 21
