Dear Sir/Madam,

**Subject: Circulation of the new Draft APT Recommendation on
“Frequency Ranges for Non-beam WPT for Mobile Devices”
reconsidered at the 23rd Meeting of the APT Wireless Group (AWG-23)**

I would like to refer to the 23rd Meeting of the APT Wireless Group (AWG-23) which was held from 9 to 13 April 2018 in Da Nang, Viet Nam. AWG-23 reconsidered the Draft APT Recommendation on Frequency Ranges for Non-beam WPT for mobile devices.

The above Draft Recommendation was developed during AWG-22 and circulated to the Members for adoption. However, it did not get sufficient endorsement and AWG-23 decided to recirculate without any changes.

According to Section 3.2 “Criteria for APT Recommendation” of the APT Documents Framework approved by the 35th Session of the Management Committee (MC) of the APT in 2011, the APT Secretariat shall circulate to APT Members all draft documents proposed for adoption. Following the consultation period, the Recommendation shall be considered adopted and will be submitted to the Management Committee for approval if the specified conditions are met.

In this connection, I would like to request your Administration to review the attached Draft APT Recommendation in accordance with Section 3.2 of APT Documents Framework. Once the criteria mentioned in Section 3.2.2 are met, the Draft Recommendation will be submitted to the 42nd Session of the Management Committee of the APT for approval. Please fill in the attached “APT Recommendation Adoption Form” and submit it to the APT Secretariat preferably by e-mail to aptawg@apt.int or fax: +66 2 5737479 by **13 July 2018**.

I thank you in advance for your cooperation and look forward to your timely response.

Yours sincerely,

Areewan Haorangsi
Secretary General
